

Anti-Racism Committee Minutes
October 19, 2020

In attendance: P. Hugenberger, C. Panetta, J. Snyder, E. Goldwater, V. Rodriguez, S. Williams, J. Moore, J. Fredkin

1. Mrs. Fredkin is preparing for the *Thirteenth* presentation with her friend, Dr. Carr. Dr. Snyder described the film well. The event is this Saturday. Other events are in the works. Only a few people responded to Dr. Granville's event survey. We will work on getting more responses. Everyone agrees she could be very helpful facilitating conversations among us all about race.
2. A general email is going out to the students that will include info about the student support group for Black students being run by Mr. Harpin and Mrs. Williams. Ms. Rodriguez brought it up at the Student Association meeting, which was very well attended (30-40 people). The Student Association is looking for more resources for international students; support group for international students on practical issues; getting more analysts who speak more languages. They would like a class on feminism and psychoanalysis. Most of the people were new students, plus lots of people they haven't seen in a while. They have a great new website! They are working on hoodies.
3. Kimberlyn Leary is now VP of the Urban Institute in DC. Ms. Moore will follow up with her for a later presentation in the spring – as far out as necessary to get her on the program.
4. We should reshow the Spotnitz series on Zoom.
5. Mr. Chukwuhdi sent a list of critical race theory resources; Dr. Snyder will send it out.
6. Shelly Williams might be interested in attending the upcoming ABAP meeting. She will let Dr. Panetta know.
7. We would like to get the mentor program going. We'll wait for Mr. Harpin to tell us more about it.
8. Next meeting in two weeks. November 2 at 3 pm.
